June 2022

Dear SJGS Families,

As mothers of school-aged children, we know very well how precious summertime is! It is a time to play, explore, and visit with beloved friends and family; a time to enjoy big things like vacations and reunions, as well as little things like sleeping in or going out for ice cream.

As educators, we also know that summer weeks are important for maintaining all of the good things that your children have learned in the past academic year, especially in the areas of mathematics and literacy. Your child's future teachers have designed summer assignments and activities that they feel will best provide that skills maintenance and prevent the "summer slide." Please find these assignments attached.

While it's perfectly ok to take a break from school work for a time, we encourage you to review your child's summer assignments now so that you can ask any clarifying questions you may have before teachers take their vacations, too.

Lastly, we encourage all of our St. Joe Eagles to be sure to devote time this summer to maintaining their prayer lives and practicing their virtues. Here are some ideas:

- Pick a Virtues in Practice home project that you really enjoyed from this year and re-commit to it!
- Pick a Virtues in Practice home project that you tried but didn't quite succeed with and try again!
- Choose a day each week to spend 15 minutes at the Grotto at Notre Dame.
- Download the "Saints Stories for Kids" podcast and listen to an episode each week.
- Download the "3-Minute Retreat" app from Loyola Press and do a 3-minute retreat every day.
- Build your own holy space or grotto in a favorite place in your backyard and spend time in prayer there each week.

It has been a blessing for all of us on our faculty to partner with you over the past year in forming the hearts and minds of your children! We wish you a safe, joyful, and restful summer!

Your Partners in Catholic Education,

Mrs. Green & Mrs. Schroeder
